Mr. James Boorsch
WYBC
242-a, Yale Station
New Haven, Connecticut

Dear Jim:

WCSR would like to thank you and the rest of your station for the wonderful hospitality you showed us last Friday when we came down to broadcast. I was sorry that I could not come down to see your station, but I heard from those that did go that you made them feel very welcome.

The girls that went had a marvelous time. Each learned a great deal from seeing how your station operates. Everyone was very impressed with WYBC and felt that you have an excellent set-up and a fine staff running the station.

We would again like to thank you and all your helpers for your wonderful co-operation. We hope that we can always keep as fine relations with your station as we have had so far. We also hope that the two stations can get together again in the near future.

Sincerely,

Saby Davis
General Manager, WCSR
